

# THE HAMLIN HERALD

## CITY MOURNS DEATH OF PRESIDENT

### AN EDITORIAL—

#### WILL HE HAVE DIED IN VAIN?

It is a sad reflection on our country, and more especially on the State of Texas, that such a thing could happen in this land as happened in Dallas Friday when the President of our nation was shot from ambush on the city streets of that city.

But the blame for the tragic death of John Fitzgerald Kennedy, the 35th President of the United States of America, cannot be laid on the city of Dallas, or the State of Texas, but on the majority of the peoples of this land that have let such a wave of hate sweep over the nation as we have seen manifested across this land for the past few years.

Admittedly, the president was not shot by a follower of one of the far-right hate groups, or by one of the anti-segregation groups, but allegedly by a man with communistic leanings. But nevertheless the hate groups of this country have built up to such a point that the first thought of everyone was that he was killed by some nut from one of these far-right groups that have plagued Dallas and the rest of the nation for some time. And he was shot by a product of our society.

It is downright shameful that the President of the United States was advised and warned not to make a trip to one of the states of the union, as he was on this ill-fated trip to Texas, for fear that something would happen to him. Even our Governor made a trip to Washington to try and talk the President out of making this swing through the state.

We are afraid that part of the shock of this thing happening to the President was the fact that too many people, in opposing his policies as Chief of State, expressed a tremendous dislike for the man as well as his political beliefs. This brought a little shame into the hearts of the people of this country who disagreed with his actions as president and could recall their attitude toward him as an individual.

While our system of government is based on two political parties and the right to disagree with our fellowman, it is not intended that one man should hate another over their disagreements.

It is high time that the people of this land who profess to be Christians realize the responsibilities they have to God and their fellowman. No true Christian can hate or be a part of any hate group, whether it be an anti-communist hate group, an anti-segregation hate group or any other hate group.

Where has the leadership of our churches been while this anti-Christian attitude has been developing—not just the preachers but the lay-leaders as well?

It is a sad commentary of our times when what is known as the Bible Belt of this nation has been the site of so much violence over civil rights. It is hard to see how this could have happened if the Churches of the South and of the nation were showing the leadership that should be expected of them.

While the church people have been so quick to protest any effort to curtail what they believe to be religious freedoms of this nation, where have they been in providing the leadership that would insure such freedoms?

All of this reference to hate groups and the lack of understanding and tolerance to our fellowman is not just confined to Dallas, California, the South, or to any other one place in our nation but can be traced to every part of America including right here at home. We have our share of this cancerous hatred and intolerance right here in Hamlin—not organized, but here just the same.

OUR NEW PRESIDENT, fellow Texan, Lyndon Baines Johnson, not only needs our prayers to lead us out of this moment of crises and through the many trials that lie ahead for this nation, but he also needs for each of us to carry out our responsibilities as citizens. For too long too many people have let someone else carry all of the responsibilities and do nothing themselves but gripe if they don't like the way it is done.

It is time that the leadership of this nation—this does not mean just the elected leadership—is brought back to the center of political thinking and out of the hands of the dangerous extreme groups, both to the right and to the left.

This needs to start down at the grassroots level and work all the way to the top. The public needs to take a more active interest in what is going on in their local governments and be willing to serve their city, take an interest in the precinct, county and state levels of their political parties; be more interested in who their representatives at the different levels are, and support those they believe are qualified.

If the death of President Kennedy could serve to pull this country together as a strong Christian nation again, he might not have died in vain.

### DALLAS NEWS EDITORIAL

Editor's note: The following editorial appeared in the "The Dallas Morning News" following the assassination of President Kennedy in that city on Friday. It is carried here because we feel our readers might like to read what one of the major newspapers of that city had to say following such a tragic event in their city.

#### WRITER URGES DALLAS TO LIVE LIKE KENNEDY

Editor's note: The following column appeared in "The Dallas Morning News" Monday morning edition in the front page column, "Big D" written by Paul Crume, and is carried here because we feel it has a message for all of America to read and to hear.

By PAUL CRUME  
(Dallas Morning News)

AS A TRIBUTE to John F. Kennedy, why don't we in Dallas set ourselves to behave in the next few days like John F. Kennedy?

Lee Harvey Oswald was accused of killing President Kennedy. Like every other person, though he had a right to stand in an American court unafraid of king or despot. He had a right to face his accusers and demand that they prove the case against him.

So does the man who shot Oswald. These rights are the very reason President Kennedy lived and died. Seeing that they are granted to the weakest and the meanest persons is the reason we live as Americans.

Oswald never got his day in court, but each of us can shoulder our part of the burden of seeing that other men do.

We ought to get it clear in our minds whether it is better to be a John F. Kennedy or the kind of man Oswald was accused of being—and behave accordingly.

YOUTHS WHO pick up rifles and take after a human quarry should ask themselves whether they are behaving like John F. Kennedy or whether they are not in fact behaving just as Lee Harvey Oswald did, assuming that he shot the President. If we had rid ourselves of this kind of impulsive violence, the President would still be alive.

Our boys and girls might further ask whether they want to live the rest of their lives like a John F. Kennedy or a Lee Harvey Oswald.

Oswald was an aimless life out of an aimless childhood leading to an aimless future. John F. Kennedy's was a life of high endeavor and higher purpose. By the time Kennedy was Oswald's age, he had already written a famous book and captained a ship and acquired the bedrock of intellect and spirit that he needed to become president.

It takes no courage to pull the trigger of a gun. It takes a lot of courage to face one.

There is no right side in society for a man to get on to justify his acting wrongly and indecently.

WE DON'T need guardsmen in Dallas to live in peace. We don't need policemen at every door. We, all of us men, women, boys and girls, need only to reach down inside ourselves for some of the self-restraint which President Kennedy imposed always upon himself and the good-humored respect for others which he expected even toward his bitterest political adversaries.

A person who stoops to violence stains the memory of this man who believed in law. I think the President will rest less easily upon his Arlington hill simply because the man accused of killing him was denied the right to be heard.

ing such a tragic event in their city.

DALLAS — The Assassination of President John F. Kennedy is a cruel, shameful mark in this city's history and a tragedy for the country which has been under his guidance. In society, the assassin—like the anarchist—is the enemy of all mankind who defies the established rules of public order and justice and whose mind is warped by hate. The tragic act apparently was not directed against the country or its highest office, but against the man.

Dallas, already tarnished by political bitterness, bows its head in the incredible shock of such an incident. It cannot be charged with fairness that an entire city is in national disgrace, but certainly its reputation has suffered regrettable damage.

The President, only a few minutes before the tragedy, was calm and charming before the crowds. Now he is history, under the sad conditions that felled Lincoln, Garfield and McKinley before him.

We join the rest of the nation in expressing heartfelt sympathy and trust that the warped and distorted who become unstable in their opposition will retreat into darkness and not emerge until they regain the light of reasonableness and balance.

The youthful chief executive was a patriot and blessed with an articulate intelligence. To such a mind and personality, success came early because his talents were utilized to the utmost. He was a master in the field of political science, the most tricky of all professions—and the most uncertain as far as continuity of service is concerned.

Those who have been concerned with the expansion of governmental control and power nevertheless admired the sincerity and conviction of his philosophy, the gentlemanly restraint he showed in the face of criticism and the good taste he always exhibited in public appearance.

It is a sad hour for the nation, which bows its head in sympathy for his wife and family. The mourning is in genuine, profound and indescribable sadness. The sorrow and shock are balanced with the consolation that a good and benevolent God curves our path of national destiny.

### MID-BRAZOS POLLUTION GROUP FORMED TUES. IN STAMFORD; FORTY-FIVE ATTEND MEETING

By Vern Stewart  
(Stamford American)

Forty-five persons from Anson, Aspermont, Avoca, Roby, Rotan, Abilene, Hamlin, Hamby, Old Glory, Merkel, Leuders and Stamford organized the Mid-Brazos Pollution Group at a meeting in City Hall Tuesday night.

Primary purpose of the new organization will be to battle the increasingly serious problem of salt water pollution to water supplies and farm lands.

A. C. Humphrey, Stamford businessman and landowner, was selected as chairman of the organization's 16-man governing committee. Also assisting in governing the District will be the county judges and commissioners of Jones, Fisher, Stonewall and Taylor counties. County agents in each county plus the work unit conservationists in each soil conservation district within the counties will serve in an advisory capacity.

The governing body will serve one-year terms. The 16-man committee elected Tuesday night includes one man from each precinct in the four counties.

Other officers picked from the committee are Joe Antille, of Abilene, vice-chairman and H. G. "Pete" Andrews of Stamford, secretary-treasurer. The membership and officers will meet next on Dec. 17 in the Stamford City Hall.

The four-county organization hopes to attract partici-

LYNDON B. JOHNSON  
becomes 35th President

### REV. J. C. AMBURN TO LEAD THANKSGIVING SERVICES WED.

Rev. J. C. Amburn, pastor of the Assembly of God Church, will be the speaker for the Community Thanksgiving Service to be held Wednesday evening at 7:30 p.m. in the First Baptist Church.

The service is sponsored by the Hamlin Ministerial Alliance. The combined choirs of the participating churches will be directed by S. L. Tate of the First Baptist Church.

Other members of the Alliance and the pastors are First Methodist Church, Rev. Royce Womack; First Baptist Church, Rev. L. A. Hartley; Church of the Nazarene, Rev. Cecil Stowe, Alliance president; Four-square Church, Rev. Spencer Liles; Calvary Baptist Church, John Burleson; Sunset Baptist Church, Rev. Robert McLellan; Central Ave. Baptist Church, Rev. Bill Irwin; Faith Methodist Church, Rev. John V. Ferguson. These ministers will be sharing the responsibility of

the special service. Everyone is being urged to gather during this period of Thanksgiving.

### Brother of A. J. Winegeart Dies In New Mexico

Mr. and Mrs. A. J. Winegeart were called to New Mexico, Sunday, Nov. 17, because of the serious illness of an older brother, James H. Winegeart, of Texico, Mr. Winegeart died at 7:30 p.m. Monday, Nov. 18, in Clovis.

Services were held Wednesday, Nov. 20, in the Methodist Church at Oklahoma Lane, Texico.

Mr. Winegeart is survived by his wife, four sons, three daughters, six brothers, five sisters, 28 grand children, and six great-grandchildren.

The son of late Mr. and Mrs. D. P. Winegeart, the family lived in Roby during the time that he was attending school.

### KENNEDY SHOT FROM AMBUSH WHILE ON TOUR OF DALLAS

Hamlin citizens joined the rest of the nation and the people of the world this week end in mourning the tragic assassination of President John Fitzgerald Kennedy Friday in Dallas while he was in a motorcade going through the streets of that city before he was to address a large crowd at a dinner luncheon.

He was shot from ambush with a high-powered rifle just as the President's motorcade was leaving downtown Dallas at the end of a triumphal tour through the city's streets. Charges were filed against Lee Harvey Oswald, 24, by the City of Dallas police department for the murder of the President and the wounding of Gov. John B. Connally of Texas who was riding in the car with the President. Mrs. Kennedy and Mrs. Johnson, also in the car, were unharmed.

Half an hour after he was shot John F. Kennedy was dead at Parkland Hospital and the United States had a new president, Lyndon B. Johnson. Johnson took his oath of office in a crowded compartment of the presidential jet Friday, with Jacqueline Kennedy, the grieving widow of President Kennedy at his left and his wife, Lady Bird, at his right.

U. S. District Judge Sarah T. Hughes of Dallas administered the oath as the plane's jet engines warmed up for the flight to Washington. The plane carried the new President, his wife, Mrs. Kennedy, others in the President'sourage and the body of President Kennedy back to Washington.

The body of John Fitzgerald Kennedy lay in repose Saturday in the rotunda of the Capitol Sunday as thousands of Americans and leaders from all over the world filed by to pay their tribute to the martyred President.

The body of the President was born from the White House to the Capitol Sunday past 300,000 solemn Americans lining the procession route.

Funeral services were held at noon Monday, followed by burial in Arlington National Cemetery on a hill overlooking the Potomac.

Oswald was shot and killed Sunday by a Dallas club owner, Jack Leon Rubinstein, who used the name of Jack Ruby, as millions of TV viewers saw Oswald slump to the floor as officers led him through the City Hall basement toward an armored car that was to have carried him to Dallas County Jail.

Oswald died at 1:07 in Parkland Hospital, the same hospital where President Kennedy died and where Connally is recovering.

The people of Hamlin took the news of the assassination of the President with shock and disbelief as did the rest of the world. Most of the city's business closed Monday from 11 a.m. until 1 p.m. in memory of John F. Kennedy. The schools, and the city, state and federal offices here were closed all day Monday in mourning as well as some other businesses.

The churches of the city held memorial services at different times over the week end with the doors of the churches being open at all times for those who wished to enter for prayers and solitude.

### MCCAULEY EAGLES TO MEET FORT DAVIS FOR REGIONAL

The McCauley Eagles moved up the ladder in Class B football last week as they defeated the Christoval Cougars 77-51 in bi-district play at Christoval. They will be reaching for the top rung this week when they meet the Fort Davis Indians in Balmorhea at 2 p.m. Friday. This is the highest honor attainable for six-man football in post-season competition.

The starting line-up will include seniors, Larry Hicks, Thomas Kiser, backs; juniors, Dave Maberry, end; Eddie Smith, center; sophomores, Ronald Holcomb, end, and Ronnie Jeffrey, quarterback.

Other team members include seniors, Leland Current, end; Kenneth Ferguson, end; juniors, Clayton Harris, center.

### .44 Rainfall Here

Rain during the past week measured .44. This amount fell in the late afternoon Thursday and in early morning hours Friday.

ter; Dwaine Wall, end; Donnie Myers, end; Richard Allred, end; sophomores, Bobby Self, back, Truman Holcomb, back, Marion Reed, back; Freshmen are Sperlin Harris and Calvin Maberry.

Joe Hopkins is coach and Bobby Brown is manager.

NEINDA PHILOSOPHER HAS NEWSPAPER READING HABIT USEFUL IN MAINTAINING PEACE OF MIND

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 suggests a change in the newspaper reading habits of the nation but it won't work.

Dear editor:

I have a system of reading newspapers which I'd like to recommend to Washington. It's the best system I know for maintaining peace of mind and a consistent foreign policy.

It's simple. Don't read a paper every day, it only mixes you up.

Under my system, I read a newspaper when one turns up, blown onto this Johnson grass farm by the wind, left by insurance salesmen, wrapped around vegetables and such things from my neighbors, thrown out of cars, etc.

You take a man who reads a newspaper every day though and what happens? On Monday he's bent on beating Russia to the moon. On Tuesday he reads Russia has abandoned the moon and by Tuesday afternoon he's decided maybe we ought to call it off too.

Then a week later Mr. Khrushchev announces Russia is back in the race, this ties him in a knot, and the whole space program has to be re-evaluated once more.

You can see what it leads to when you read everything Mr. Khrushchev says. My policy is to read only half of what he says and believe none.

Speaking of putting a man on the moon, a friend says he read my letter last week in

THE HAMLIN HERALD NOVEMBER 26, 1963

Years Ago ...

**FIVE YEARS AGO:**  
Monday night's heaviest frost of the year really was the signal for the final push of harvesting the Hamlin section's cotton crop. A local cotton raiser said he believed that because of the late frost this year he would gin more than 100 bales of cotton rather than the 80 bales he had predicted. Ginners estimated that about 35 to 40 per cent of the cotton had been harvested so far.

Eight men of the First Baptist Church were ordained as new deacons in special services Sunday morning at the church. They were Weldon Johnson, Lesley Shelburne, Ernest Jenkins, E. A. Hewitt, Willard Jones, Sigmund Stovall, Bill Shira and La Foy Patterson.

A native of Hamlin, Jesse Richard Bonds, age 43, was killed instantly when his car went out of control near Ros-

well, New Mexico Sunday.

**TEN YEARS AGO:**  
More than 300 parents of Hamlin students inspected the school facilities at Hamlin last week during American Education Week, school officials announced.

Billy Joe Wilson, who is in the Army and stationed at Okinawa in the Pacific, recently graduated from a leadership school at Ryukyus.

Due to recent rains and warm weather several fruit trees in the section have put out blooms and weeds are putting out.

Mrs. A. W. Knight, 34 year old Hamlin woman, was killed last Friday night when the pick-up in which she and her five children were riding overturned west of Stamford on Highway 92.

**FIFTEEN YEARS AGO:**  
Hamlin Memorial Hospital is in good financial condition, according to an auditor's report released this week. The institution has assets of \$80,048.97 and liabilities of \$27,993.11.

Rotan Yellowhammers captured the District 6-A football title by defeating the Hamlin Pied Pipers 26 to 0 Friday night.

**TWENTY FIVE YEARS AGO:**  
Pastors and churches of Hamlin are joining in a union Thanksgiving service Sunday evening at the high school auditorium.

Jones County is leading Central West Texas Counties in cotton production. Total of 32,152 bales had been ginned prior to Nov. 1.

**THIRTY YEARS AGO:**  
Jones County voters last week gave Herbert Hoover, candidate for president of the United States, a majority of votes.

CONSTRUCTION ...

Evidence of growth in WTU communities

Where is all the construction coming from in our service area? Well, a survey shows that \$89 million worth has been completed recently in new and expanded factories, stores, motels, shopping centers, schools, churches, public buildings, street paving, and other such improvements. Add to this figure the amount invested in new residences and apartment houses, as well as State and Federal expenditures, and you have truly great evidence of growth in the 166 communities we serve. Such facts as these again explain why we say our service area faces GROWTH UNLIMITED.

West Texas Utilities Company

Attitude... OF PRAYER

"Give ear to my words, O Lord, consider my meditation. Harken unto the voice of my cry, my King, and my God: for unto thee will I pray."

Psalms 5:1-2

God hears and answers prayers, but not everyone knows how to pray. Even the Lord's disciples asked that he teach them how to pray.

Attitude of the individual is important in prayer. Prayer is the opportunity that we have to tell God of our blessings and give thanks. It is an opportunity to petition for help, but above all, our hearts should be willing that God's will be done.

Prayer should be offered individually and in groups.

ATTEND CHURCH, AND PRAY WITH OTHERS

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

## STATE CAPITAL

AUSTIN — Our guests of honor did not arrive.

A "Texas Welcome Dinner" in Austin, honoring President and Mrs. Kennedy and Vice President and Mrs. Johnson, was cancelled.

President Kennedy was assassinated in Dallas during the noon hour Friday, just a few hours before he was to be the guest of 3,000 Democrats of Texas at one of the largest honor banquets ever held in the Lone Star State.

He died of bullet wounds received while in a motorcade enroute to a speaking engagement at the Dallas Mart.

Also shot by the sniper and seriously injured was Texas Governor, John Connally, who was riding with the President.

Vice President Lyndon B. Johnson, in keeping with customary security measures was in another car. He was unharmed.

It was a bright, sunny day, suddenly turned into darkness and gloom . . . not just in Dallas and Austin, but throughout the world. Unquestionably it was the blackest day in Texas history.

Thousands of persons, including Texas legislators, heard the news enroute to Austin. Many continued their journeys to the capital . . . a city paralyzed by the shocking events. Hundreds joined the legislators in memorial services in the House of Representatives.

It was a sad ending to an even sadder day.

**CONNALLY RECOVERING** — First, encouraging news to reach the capital following the murderous attack on the president and governor was word that the operation on Connally was successful. However, he is expected to be hospitalized for at least 10 days.

**JOHNSON ASSUMES PRESIDENCY** — Within a few hours after President Kennedy's assassination, Lyndon B. Johnson was sworn in as President.

Swearing-in ceremonies were performed by Federal District Judge Sarah T. Hughes aboard the presidential plane just before the jet airliner bearing the deceased president's body left Love Field for Washington.

**GOLDWATER WAGON** — State Rep. Dick Morgan of Dallas, chairman of Texas' Draft Goldwater Committee, named Lewis J. Moorman Jr., San Antonio rancher-oilman as state finance chairman.

Moorman was state GOP finance chairman during the Nixon-for-President Campaign, and in U. S. Sen. John Tower's race in 1961.

**GOP NATIONAL COMMITTEE** — Albert B. Fay of Houston appointed members of the party's Candidates Committee to recruit "a blue-ribbon slate of candidates" for Republican primaries in 1964. They will meet in Dallas on Dec. 12.

**RECRUITING COMMITTEE** includes Fay, Mrs. Ike Kampmann Jr. of San Antonio, State Chairman Peter O'Donnell Jr. of Dallas, Mrs. G. N. McDaniel of Gorgers, Mrs. Tobin Armstrong of Armstrong, Wilton Fair of Tyler, W. J. Klattenhoff of Slaton, and J. C. Mann Jr. of Wichita Falls.

**HOSPITAL POLICIES AIDED** — A special committee to review hiring policies in State hospitals was named by the State Board for Hospitals and Special Schools. Action followed disclosures that a convicted kidnaper and former mental patient had worked as doctor at some state institutions.

Dr. Ralph R. White of Temple said he considered employment by the San Antonio State Hospital of a woman doctor who had served a prison sentence for kidnapping an "error in judgement."

Board Chairman Howard T. Tellepsen of Houston, reacting to newspaper criticism of hiring a former mental patient as a doctor at Wichita Falls State Hospital, pointed to progress made throughout the hospital system.

"Out of a total of 220 doctors, we have a wonderful, dedicated group of men," Tellepsen commented. "You will find a few sour apples even among personnel of private companies which pay the best salaries, and we don't have a high wage scale to private industry."

Tellepsen named Dr. White to the personnel study committee along with Dr. George A. Constant of Victoria and Ward

## POSTMASTER ASKS PUBLIC TO START PLANNING MAILINGS NOW

Thanksgiving Day can be an even happier holiday for family already planning for Christmas shopping and mailing.

This observation came today from Postmaster Perry Sparks, who predicted another mail volume for Hamlin

R. Burke of Diboll.

Another committee was named by the Board to select the site for a new school for the mentally retarded, to be located west of the one-hundredth meridian. Members of this committee are C. E. Bentley of Abilene, chairman; Jesse Osborn of Muleshoe; and Walter F. Woodul of Austin.

**ADVERTISE TEXAS** — Twenty-seven advertising agencies are interested in handling Texas' \$200,000 account to promote travel and tourist spending in the State.

The 27 firms told Texas Tourist Development Agency they want to compete for the privilege of ballyhooing the State's attractions to the world. They represent 20 percent of all agencies contacted. At a Nov. 15 meeting TTDA will determine which firms will be asked to make formal presentation of advertising plans at their next meeting, set for Jan. 16-17.

**APPOINTMENTS** — Governor Connally appointed E. W. Boedeker of Levelland as District Attorney of the 121st Judicial District. He succeeds Morgan L. Copeland who will join the legal department of Gulf Oil Corp. in Midland on Dec. 1. District is composed of Hockley, Cockran, Yoakum and Terry counties.

Connally also designated Peter Michael Curry of San Antonio as judge of the new 106th District Court of Bexar County, effective Feb. 1. Court was created by the 58th Legislature.

Governor reappointed Judge W. St. John of Austin, John Peace of San Antonio and Abner McCall of Waco to the Texas Civil Judicial Council. Council was authorized by the Legislature to propose a plan for statewide judicial redistricting.

Earlier, Connally picked Sam Raburn Bell of Parris, Joseph A. Chandler of Stephenville, J. C. Looney of Edinburg, Charles Prothro of Wichita Falls and Dan C. Looney of Dallas to fill vacancies on the Texas Commission on Higher Education.

heavy this Christmas.

Sparks said he was receiving reports from the Post Office Department in Washington, D. C. that a record Christmas mail volume of nearly 12 billion pieces is expected nationally during December.

"Our post office will be catching it both ways - going out and coming in. I hope the residents of Hamlin will begin their Christmas shopping and mailing tomorrow if they have not already done so."

Sparks suggested that several hours planning during this Thanksgiving holiday can be of immense value in saving time and trouble later on Christmas mailing. Here are a few good tips:

1. Dig out last year's Christmas mailing list if you have one, or make up a list if you don't have one.

2. Check for any changes in address and make corrections wherever possible. For the new addresses of local family members and friends who have moved the telephone book is usually a good source.

3. Use ZIP Code to speed your mail on addresses wherever possible. If it is not feasible to obtain the addressee's Zip Code, at least include your own in the return address. This will have the two-fold effect of encouraging relatives and friends to use your Zip Code when they send cards to you and will encourage them to follow your example in including their ZIP Code in their return address.

4. Settle on as many specific gift purchases now as you can, using the current ads from your press, radio and TV, and make a calculation of how much strong mailing material - tape, boxes, cord, etc. - you will need to obtain. Get these mailing materials while items are in good supply locally so there will be no last-minute trips necessary to several stores to find what you want.

"A few hours spent on Thanksgiving Day in planning Christmas mailings will provide plenty to be thankful for later on," the Postmaster observed. "Those who do so will have time to do other things or just take it easy."

"And," he added, "your Hamlin Post Office and 12 employees will be very thankful too."

## '64 Jet-smooth Luxury CHEVROLET

Chevrolet Impala 4-Door Sport Sedan

Now how are the high-priced cars going to explain this!

Here are looks, luxury and comfort that you'd expect to set you back plenty—if they came from anybody but the people at Chevrolet.

Fresh-minted styling with clean uncluttered lines that give the '64 Jet-smooth Chevrolet its feeling of new length and lowness. Rich new interiors with supple fabrics. Foam-cushioned front and rear seats and door-to-door carpeting—now standard in all models, including the

modestly priced Biscaynes. And, of course, the niceties of Body by Fisher craftsmanship.

You've got a wealth of power to pick from—engines from a peppery 140-hp 6 to a 425-hp V8! And you've got the '64 Jet-smooth ride to cushion you from road noise and vibration.

Been promising yourself luxury like this someday? Your someday is here, as your dealer will gladly show you. \*Optional at extra cost.

Before work could begin on the present granite Capitol in Austin, Texas the Legislature set aside three million acres of land, located in the Texas Panhandle, to finance it.

## FAIRVIEW NEWS

By MRS. ELMER JOINER

At last we can report that we have received a good rain, which was very beneficial to everyone, since all cotton is harvested, excepting for a few scattered patches. Wheat that has been sown will come up and these waiting to sow can now go ahead. On Monday night it rained one inch and six tenths, then again on Thursday night six tenths of an inch was received, making it look much better in general.

Last Wednesday night prayer meeting was held as usual, then afterward all went to the home of Mr. and Mrs. Mel Jones in Hamlin, where they were joined by a group of other friends, to give the Jones a house warming. Gifts were opened and refreshments served, all left expressing their best wishes to Mr. and Mrs. Jones in their new surroundings.

Rev. Kenneth Leverett, Mr. and Mrs. Winslow Gray, attended the workers conference in Hamlin Tuesday night. Melinda and Keenan Wright have been staying home with a case of chicken-pox.

Mr. and Mrs. Woodrow Goodwin visited with the Elmer Joiners, Tuesday night.

Mrs. Lois Hampton, her daughter, Mrs. Ted Costa and two little daughters, were visiting in our vicinity last Thursday, among those were Mr. and Mrs. Johnnie Agnew and Mr. and Mrs. Elmer Joiner. Mrs. Hampton, lives in Abilene, and her daughter, Virginia, lives in New York City.

Monuments and Cemetery curbing. J. B. Smith, Rotan, Texas, Box 811, Phone 4602. 1-8p

## DEBORAH FERGUSON, TOMMY BOEN EXCHANGE VOWS HERE

Deborah Ann Ferguson, daughter of Rev. and Mrs. John Vance Ferguson, became the bride of Tommy Wayne Boen, son of Rev. and Mrs. Fred H. Boen, in double ring ceremonies read Friday at 6 p.m. in Faith Methodist Church.

The father of the bridegroom read the vows.

Mrs. J. W. McCrary was organist. Mrs. Royce Womack was soloist.

Judy Rowland of Hereford was maid of honor. Renae Ferguson, sister of the bride, was bridesmaid.

Candles were lighted by Bobbie Ferguson of Abilene cousin of the bride.

Freddy Boen was best man for his brother. David Bonds was groomsmen. Jack Ferguson, brother of the bride, was usher.

Given in marriage by her father, pastor of Faith Methodist Church, the bride wore a street length dress of beau de soie and Alencon lace which was designed by her mother. The dress, with slim bell skirt and low round neckline, featured a jacket scalloped re-embroidered lace accented with lustrous pearls. Her head piece was of Alencon lace entwined with pearls with double veil. She carried white rosebuds atop a white Bible.

Attendant's dresses of baby blue embossed taffeta were worn with matching headpieces with circle veil. They carried single long stem white rose bud.

The reception was held in the home of the bride. The houseparty included Penny Ford, Bobby Ferguson, Mrs. N. D. Cox, Mrs. Othell O'Kelly and Mrs. Freddy Boen.

The couple will be at home after Nov. 25 at 248 S. W. Ave. A.

The bride is a graduate of

**ORDER YOUR

**KNABEL'S  
CREDIT JEWELERS**

Hereford High School and attended West Texas State University in Canyon last year. In high school she was a member of the girls choir and Future Homemakers of America. She is employed by Howard Drug Co.

Boen is a graduate of Hamlin High School where he was active in Future Farmers of America, football and track. He is employed by the Texas Highway Department with the Anson Resident Engineer's office.

The rehearsal dinner was held in the Fellowship Hall of the Hamlin Primitive Baptist Church with the bridegroom's parents as hosts.

## Jones County Y.W.A. Council Meets Here

The Jones County Y. W. A. Council met here Nov. 10 at the First Baptist Church with the girls of the local church as hostesses.

Thirty persons from Anson, Stamford and Hamlin were present for the presentation of the new associational officers.

Kay Lynn Edwards of Stamford was named president; Christy Wallace of Hamlin and Runne Pence of Anson, vice presidents; Marolyn Reynolds, secretary; Elizabeth Cunningham, treasurer.

Mary Lois Patterson was placed in charge of mission study and Connie Jo Duncan, stewardship.

Plans were discussed by those planning to attend the Y. W. A. Conference at Ridgecrest, N. C. next summer.

A tea hour followed in the Fellowship Hall.

## Service Class Meets with Mrs. A. F. Haught

The Service Class of First Baptist Church met with Mrs. A. F. Haught, teacher, Thursday.

Mrs. La Foy Patterson, a guest, gave the opening prayer by the Thanksgiving devotional by another guest, Mrs. Tom Routh.

Members present were Mmes. S. C. Ballew, Elma Brewer, D. J. Herbst, Kenneth Scott, D. A. Brown, Robert Johnson, Ella Scott, H. C. Carr, L. E. Hines, J. W. Hines, D. W. Stell and Orbie Fannin.

Refreshments of pumpkin pie with whipped cream, coffee and cold drinks were served.

From the 25,000 acres of vegetable land which it owns, F. H. Vahlings, Inc. in Texas' Lower Rio Grande Valley can load a carload of packed vegetables every 12 minutes.

Leo Hendrick Bakeland invented bakelite.

## Dorcas Class Meets with Teacher Thursday

The Dorcas Sunday School Class of the First Baptist Church met Thursday at 10:30 a.m. in the home of the teacher, Mrs. Claude Crowley, for the November class meeting followed by a Thanksgiving dinner.

Mrs. H. E. Brown, president, presided. Mrs. S. C. Ballew gave the opening prayer.

The devotional on Christian Living was presented by Mrs. W. E. Rogers. Mrs. Etta Stephenson gave the closing prayer.

Visitors were Miss Alice Wells, Mrs. W. J. Madden and Mrs. Ballew.

Other members present were: Mmes. Allie Reeter, J. F. Vaughan, Pearl Matthews, E. C. Davis, Mary Avants, R. L. Milstead, S. C. Ferguson, Albert Moore, A. F. Dixon, O. L. Jenkins, Tom Routh and W. H. Davis.

## 4-H Adult Leaders Training Meeting Held in Anson

A 4-H Adult Leaders' Training Meeting was held on Friday morning in the office of Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent with thirteen attending. Mrs. Newberry discussed the purpose of the unit work in foods clothing for 4-H club members, the leaders' responsibilities, the length of the unit work, and the goals for the 4-H members. Mrs. Kirby Clayton, a 4-H Adult leader, who is working with seven girls in her home, talked on "How to Conduct the Meetings."

Mrs. Newberry meets in the schools for the regular monthly meetings, but any 4-H adult who would like to organize classes of cooking and sewing in their homes for 4-H club girls, may contact Mrs. Newberry at her office in the courthouse, telephone Valley 4-1801 in Anson.

## Flame-Resistant Cottons Tested

Flame-resistant cotton fabrics are being tested extensively for a number of uses, reminds Mrs. Mary Y. Newberry Jones County Home Demonstration Agent.

This new treatment leaves the feel of the fabric almost unchanged and holds up well through laundering. Treated fabrics also resist shrinking, mildew, rot and wrinkling.

The fire-resistant process was worked out by Agricultural Research Service scientists at the Southern utilization research laboratories, New Orleans, in cooperation with the Army Quartermaster Corps and the National Cotton Council. It is another of the special finishing processes developed by the U. S. Department of Agriculture to improve cotton's position in the textile market, Mrs. Newberry adds.

Evaluations of the effectiveness of the new chemical finish are being made in two large hospitals in New Orleans, where treated bed sheets, pillow cases and surgical gowns are being used. Hospitals and hotels in other cities also are planning to evaluate the flame-resistant fabrics.

Treated fabrics being evaluated by the military services include uniforms for rocket fuel handlers, flight suits and combat uniforms, Mrs. Newberry adds.

Scientists participating in the research are convinced that there is a good potential market for flame-resistant cottons, especially as outer clothing to be worn by workmen, children, and sportsmen, and as tarpaulins, boat covers and some industrial fabrics.

## HD Council Meets In Anson for Regular Session

The Jones County Home Demonstration Council met for their regular monthly meeting in the office of Mrs. B. V. Newberry, Jones County Home Demonstration Agent, Nov. 20.

Ten Home Demonstration Clubs were represented with twenty-eight present. Mrs. Elmer Joiner, Council Chairman, presided. Mrs. H. H. Dunklin, Council Recreation Chairman, conducted the opening exercise. Club and Committee reports were given. The Blue-bonnet and Pleasant Valley Home Demonstration Clubs reported three new members.

It was announced that the new 1964 yearbooks have been completed. The visiting 1964 Club Presidents and Council Delegates were introduced.

Committees were appointed for the Christmas luncheon which is to be Dec. 5 at the Anson Lions Club Hall. There will be a gift exchange and a Christmas program.

Mrs. Joiner announced the 1964 council committees. A training meeting for officers and council committees was announced for Jan. 15 at 1:30 in the Home Demonstration Agent's office. 1964 Council Officers are: Mrs. Elmer Joiner, Chairman; Mrs. H. A. Haynes, Vice Chairman; Mrs. Cal McAnnieh, Secretary; and Mrs. Bob Barksdale, Treasurer.

A 4-H Adult Leader's meeting was announced for Friday morning, Nov. 22 at 9:30 in the Home Demonstration Agent's office.

A record keeping and Income Tax Clinic was announced for Monday, Dec. 9, at 10 a.m. in Mrs. Newberry's office. Interested women and men are invited. Tom Hunter, Area Management Specialist, will conduct the meeting.

"Minute Men" was the name given to companies of militia organized at the time of the Revolution.

First secretary of the U. S. Treasury, Alexander Hamilton, was the father of our financial system.

The iron lung was invented by Prof. Phillip Drinker of Harvard University.

## SUBSCRIPTION RENEWALS

Dear Herald Friends,  
Enclosed find my personal check for my Herald subscription and many thanks for the reminder. I've been a subscriber for so long. I don't want to miss an issue. Hamlin was my home from 1906 to 1954. Naturally I have many wonderful friends still there and I will always want to keep in touch.

Thanks again,  
Mrs. T. N. Lemphill  
4318 32nd Street  
Lubbock, Texas

We enjoy your paper each week and would like to get it for another year.

Thank you,  
Mrs. Billie Goodman

## DPS WARNS OF DANGERS OF TRAVEL DURING HOLIDAY

Thanksgiving is a season of when we reflect and to the many good that have come our way since the beginning of a new year. However, as we look at the past year, we see that many have suffered losses that we in Texas should be ashamed of," said Major Leo E. Gossett, Commander of the sprawling 49 county West Texas Region of the Department of Public Safety.

"Throughout Texas there is an approximate 10% increase in traffic deaths thus far this year, or about 225 more people killed than during the same period last year," Gossett stated.

"During this Thanksgiving Holiday there will be an increase in travel due to a long school holiday weekend with many of our college students

traveling to and from home for the first time since school began. There will be many motorists traveling our highways visiting friends and relatives, and of course there will probably be a large number of traffic mishaps and many drivers and passengers will not return after this long week end," said Gossett.

"The Department of Public Safety will have patrolmen on duty throughout this week end in its endeavor to curtail and reduce as many of these traffic accidents as possible, however the individual motorist holds the responsibility in his own hands as to whether or not he will be involved in a traffic accident this week end. May we remind you in planning your trip to plan well in advance your course of travel, rest stops, time of departure, obey all of our traffic laws, add a dash of common sense and courtesy,

## POLIO VACCINE AVAILABLE AT HOSPITAL HERE

The Hamlin Hospital has announced that the third oral vaccine for those who have taken their Salk vaccine during make-up rather than the mass drive is due this month.

The vaccine now on hand is for type III and will be effective only through Saturday, Nov. 30.

Everyone who has taken the series through make-up at the hospital is urged to take the type III to complete the series. Type III offers immunization for the crippling form of the disease.

A number of persons took the make-up for types I and II and therefore there are many who must have the type III to complete the protection. The cost is \$2.00.

## Atomic Energy Symposium Set For Students

Outstanding high school students from the Abilene area will attend a symposium on atomic energy featuring some of the nation's leading scientists to be held December 4 on the McMurry College campus.

The all-day conference will be sponsored by West Texas Utilities Company and McMurry College.

It is the hope of WTU that this program will not only prove to be extremely informative to the high school students but will also be an inspiration to those students who may be considering science as a career.

The program has been arranged by the Texas Atomic Energy Research Foundation of which WTU is a member. The Foundation, which is composed of 10 investor-owned electric utility companies in Texas, is engaged in a program of nuclear fusion research with the General Atomic Division of General Dynamics Corporation seeking to harness the energy process of the hydrogen bomb for peaceful purposes, including the generation of electric power.

An outstanding nuclear scientist, Dr. William E. Drummond, will appear on the program. He is from General Atomic's John Jay Hopkins Laboratory in San Diego, California where the fusion research is being carried out.

Other speakers at the conference will include Dr. W. T. Guy, chairman of the department of math, University of Texas; Dr. B. H. Amstead, Associate Dean, College of Engineering, University of Texas; Dr. Harold P. Hanson, Chairman, Department of Physics, University of Texas; and Howard R. Drew, Executive Vice President, Texas Atomic Energy Research Foundation.

Honolulu, capital of the Hawaiian Islands, is located on the island of Oahu.

## STAMFORD TO ANSON—

## ONLY TEN DEEDS REMAIN TO BE SIGNED FOR HIGHWAY

Ten deeds remain to be signed for right of way for the new super highway on 277 between Stamford and Anson. Six of these pieces of property will have to be condemned, County Judge Leon Thurman said Monday.

M. E. Carothers of Anson has acted as right of way agent for the commissioners court and has made rapid progress in getting the necessary acreage for making the road two lane.

Two deeds have not been received from the highway department and two are yet to be signed by property owners but it believed they will accept the offer being made.

There are 53 deeds in all, covering the additional acreage needed to more than double the present right of way. Everything is expected to be in readiness for contract letting after the first of the year.

Property to be condemned belongs to the following persons: W. W. Young, 9.407 acres; Vernon Lovvorn, two tracts, 14.966 acres on the east side and .294 on the west side of the highway near the overpass; John Faulkner, .089 acres; Guy Steen, 12.44 and .047 acres; Floyd Gordon, .234 acre; and R. I. Foster, .097 acre.

Judge Thurman explained that a three-man jury of view will be named. This jury will set a valuation upon these respective pieces of property. Both the county and the landowner have the right to accept or reject the price set.

In the event of rejection, an appeal can be made to county court. The county may post the amount set by the jury of view and proceed with the work. Should the county court set a higher or lower price, then the county will either pay more or get a rebate.

One-half the cost of right of way is paid by the state with

the balance being paid for out of funds on hand in Road District 1 and Road District 10. However, the county must make payment and then be reimbursed by the state.

## A&M Specialist Outlines Program For Better Yields

College Station— It is possible to double the per acre yield and double or triple the returns from cotton and at the same time, maintain a high level of organic matter in the soil, John Box, Extension agronomist at Texas A&M, told those attending the Cotton Production Conference this week.

He outlined a program beginning with increasing organic matter resulting from higher crop residues. This in turn would result in improved soil physical condition and better control of erosion. Balancing fertility by addition of fertilizer, based on soil tests would increase production, giving higher crop residues to complete the cycle.

Box emphasized, however that for such a program to work all of the steps necessary to good cotton production must be taken and at the right time. These include such things as insect and disease control, good seed and proper

cultivating and harvesting practices.

Box was a featured speaker at the Cotton Production Conference held on the Texas A&M campus this week.

Mrs. Gus Travis spent the weekend in Lovington, N. Mex. with her daughter and family, Mr. and Mrs. Fred Wheeler.

Nevada is the driest and least populated state in the U. S.

Nebraska is the only state in the Union with a unicameral or one-house legislature.

## CITY MOURNS DEATH OF PRESIDENT

### AN EDITORIAL—

#### WILL HE HAVE DIED IN VAIN?

It is a sad reflection on our country, and more especially on the State of Texas, that such a thing could happen in this land as happened in Dallas Friday when the President of our nation was shot from ambush on the city streets of that city.

But the blame for the tragic death of John Fitzgerald Kennedy, the 35th President of the United States of America, cannot be laid on the city of Dallas, or the State of Texas, but on the majority of the peoples of this land that have let such a wave of hate sweep over the nation as we have seen manifested across this land for the past few years.

Admittedly, the president was not shot by a follower of one of the far-right hate groups, or by one of the anti-segregation groups, but allegedly by a man with communistic leanings. But nevertheless the hate groups of this country have built up to such a point that the first thought of everyone was that he was killed by some nut from one of these far-right groups that have plagued Dallas and the rest of the nation for some time. And he was shot by a product of our society.

It is downright shameful that the President of the United States was advised and warned not to make a trip to one of the states of the union, as he was on this ill-fated trip to Texas, for fear that something would happen to him. Even our Governor made a trip to Washington to try and talk the President out of making this swing through the state.

We are afraid that part of the shock of this thing happening to the President was the fact that too many people, in opposing his policies as Chief of State, expressed a tremendous dislike for the man as well as his political beliefs. This brought a little shame into the hearts of the people of this country who disagreed with his actions as president and could recall their attitude toward him as an individual.

While our system of government is based on two political parties and the right to disagree with our fellowman, it is not intended that one man should hate another over their disagreements.

It is high time that the people of this land who profess to be Christians realize the responsibilities they have to God and their fellowman. No true Christian can hate or be a part of any hate group, whether it be an anti-communist hate group, an anti-segregation hate group or any other hate group.

Where has the leadership of our churches been while this anti-Christian attitude has been developing—not just the preachers but the lay-leaders as well?

It is a sad commentary of our times when what is known as the Bible Belt of this nation has been the site of so much violence over civil rights. It is hard to see how this could have happened if the Churches of the South and of the nation were showing the leadership that should be expected of them.

While the church people have been so quick to protest any effort to curtail what they believe to be religious freedoms of this nation, where have they been in providing the leadership that would insure such freedoms?

All of this reference to hate groups and the lack of understanding and tolerance to our fellowman is not just confined to Dallas, California, the South, or to any other one place in our nation but can be traced to every part of America including right here at home. We have our share of this cancerous hatred and intolerance right here in Hamlin—nor organized, but here just the same.

OUR NEW PRESIDENT, fellow Texan, Lyndon Baines Johnson, not only needs our prayers to lead us out of this moment of crises and through the many trials that lie ahead for this nation, but he also needs for each of us to carry out our responsibilities as citizens. For too long too many people have let someone else carry all of the responsibilities and do nothing themselves but gripe if they don't like the way it is done.

It is time that the leadership of this nation—this does not mean just the elected leadership—is brought back to the center of political thinking and out of the hands of the dangerous extreme groups, both to the right and to the left.

This needs to start down at the grassroots level and work all the way to the top. The public needs to take a more active interest in what is going on in their local governments and be willing to serve their city, take an interest in the precinct, county and state levels of their political parties; be more interested in who their representatives at the different levels are, and support those they believe are qualified.

If the death of President Kennedy could serve to pull this country together as a strong Christian nation again, he might not have died in vain.

### DALLAS NEWS EDITORIAL

Editor's note: The following editorial appeared in the "The Dallas Morning News" following the assassination of President Kennedy in that city on Friday. It is carried here because we feel our readers might like to read what one of the major newspapers of that city had to say following such a tragic event in their city.

#### WRITER URGES DALLAS TO LIVE LIKE KENNEDY

Editor's note: The following column appeared in "The Dallas Morning News" Monday morning edition in the front page column, "Big D" written by Paul Crume, and is carried here because we feel it has a message for all of America to read and to hear.

By PAUL CRUME  
(Dallas Morning News)

AS A TRIBUTE to John F. Kennedy, why don't we in Dallas set ourselves to behave in the next few days like John F. Kennedy?

Lee Harvey Oswald was accused of killing President Kennedy. Like every other person, though he had a right to stand in an American court unafraid of king or despot. He had a right to face his accusers and demand that they prove the case against him.

So does the man who shot Oswald. These rights are the very reason President Kennedy lived and died. Seeing that they are granted to the weakest and the meanest persons is the reason we live as Americans.

Oswald never got his day in court, but each of us can shoulder our part of the burden of seeing that other men do.

We ought to get it clear in our minds whether it is better to be a John F. Kennedy or the kind of man Oswald was accused of being—and behave accordingly.

YOUTHS WHO pick up rifles and take after a human quarry should ask themselves whether they are behaving like John F. Kennedy or whether they are not in fact behaving just as Lee Harvey Oswald did, assuming that he shot the President. If we had rid ourselves of this kind of impulsive violence, the President would still be alive.

Our boys and girls might further ask whether they want to live the rest of their lives like a John F. Kennedy or a Lee Harvey Oswald.

Oswald was an aimless life out of an aimless childhood leading to an aimless future. John F. Kennedy's was a life of high endeavor and higher purpose. By the time Kennedy was Oswald's age, he had already written a famous book and captained a ship and acquired the bedrock of intellect and spirit that he needed to become president.

It takes no courage to pull the trigger of a gun. It takes a lot of courage to face one.

There is no right side in society for a man to get on to justify his acting wrongly and indecently.

WE DON'T need guardsmen in Dallas to live in peace. We don't need policemen at every door. We, all of us men, women, boys and girls, need only to reach down inside ourselves for some of the self-restraint which President Kennedy imposed always upon himself and the good-humored respect for others which he expected even toward his bitterest political adversaries.

A person who stoops to violence stains the memory of this man who believed in law.

I think the President will rest less easily upon his Arlington hill simply because the man accused of killing him was denied the right to be heard.

ing such a tragic event in their city.

DALLAS — The Assassination of President John F. Kennedy is a cruel, shameful mark in this city's history and a tragedy for the country which has been under his guidance. In society, the assassin-like the anarchist — is the enemy of all mankind who defies the established rules of public order and justice and whose mind is warped by hate. The tragic act apparently was not directed against the country or its highest office, but against the man.

Dallas, already tarnished by political bitterness, bows its head in the incredible shock of such an incident. It cannot be charged with fairness that an entire city is in national disgrace, but certainly its reputation has suffered regrettable damage.

The President, only a few minutes before the tragedy, was calm and charming before the crowds. Now he is history, under the sad conditions that felled Lincoln, Garfield and McKinley before him.

We join the rest of the nation in expressing heartfelt sympathy and trust that the warped and distorted who became unstable in their opposition will retreat into darkness and not emerge until they regain the light of reasonableness and balance.

The youthful chief executive was a patriot and blessed with an articulate intelligence. To such a mind and personality, success came early because his talents were utilized to the utmost. He was a master in the field of political science, the most tricky of all professions — and the most uncertain as far as continuity of service is concerned.

Those who have been concerned with the expansion of governmental control and power nevertheless admired the sincerity and conviction of his philosophy, the gentlemanly restraint he showed in the face of criticism and the good taste he always exhibited in public appearance.

It is a sad hour for the nation, which bows its head in sympathy for his wife and family. The mourning is in genuine, profound and indescribable sadness. The sorrow and shock are balanced with the consolation that a good and benevolent God carries our path of national destiny.

### MID-BRAZOS POLLUTION GROUP FORMED TUES. IN STAMFORD; FORTY-FIVE ATTEND MEETING

By Vern Stewart  
(Stamford American)

Forty-five persons from Anson, Aspermont, Avoca, Roby, Rotan, Abilene, Hamlin, Hamby, Old Glory, Merkel, Leuders and Stamford organized the Mid-Brazos Pollution Group at a meeting in City Hall Tuesday night.

Primary purpose of the new organization will be to battle the increasingly serious problem of salt water pollution to water supplies and farm lands.

A. C. Humphrey, Stamford businessman and landowner, was selected as chairman of the organization's 16-man governing committee. Also assisting in governing the District will be the county judges and commissioners of Jones, Fisher, Stonewall and Taylor counties. County agents in each county plus the work unit conservationists in each soil conservation district within the counties will serve in an advisory capacity.

The governing body will serve one-year terms. The 16-man committee elected Tuesday night includes one man from each precinct in the four counties.

Other officers picked from the committee are Joe Antille, of Abilene, vice-chairman and H. G. "Pete" Andrews of Stamford, secretary-treasurer. The membership and officers will meet next on Dec. 17 in the Stamford City Hall.

The four-county organization hopes to attract partici-

Becomes 35th President

### REV. J. C. AMBURN TO LEAD THANKSGIVING SERVICES WED.

Rev. J. C. Amburn, pastor of the Assembly of God Church, will be the speaker for the Community Thanksgiving Service to be held Wednesday evening at 7:30 p.m. in the First Baptist Church.

The service is sponsored by the Hamlin Ministerial Alliance. The combined choirs of the participating churches will be directed by S. L. Tate of the First Baptist Church.

Other members of the Alliance and the pastors are First Methodist Church, Rev. Royce Womack; First Baptist Church, Rev. L. A. Hartley; Church of the Nazarene, Rev. Cecil Stowe, Alliance president; Foursquare Church, Rev. Spencer Liles; Calvary Baptist Church, John Burleson; Sunset Baptist Church, Rev. Robert McLellan; Central Ave. Baptist Church, Rev. Bill Irwin; Faith Methodist Church, Rev. John V. Ferguson. These ministers will be sharing the responsibility of

the special service. Everyone is being urged to gather during this period of Thanksgiving.

### Brother of A. J. Winegeart Dies In New Mexico

Mr. and Mrs. A. J. Winegeart were called to New Mexico, Sunday, Nov. 17, because of the serious illness of an older brother, James H. Winegeart, of Texico, Mr. Winegeart died at 7:30 p.m. Monday, Nov. 18, in Clovis.

Services were held Wednesday, Nov. 20, in the Methodist Church at Oklahoma Lane, Texico.

Mr. Winegeart is survived by his wife, four sons, three daughters, six brothers, five sisters, 28 grand children, and six great-grandchildren.

The son of late Mr. and Mrs. D. P. Winegeart, the family lived in Roby during the time that he was attending school.

### KENNEDY SHOT FROM AMBUSH WHILE ON TOUR OF DALLAS

Hamlin citizens joined the rest of the nation and the people of the world this week end in mourning the tragic assassination of President John Fitzgerald Kennedy Friday in Dallas while he was in a motorcade going through the streets of that city before he was to address a large crowd at a dinner luncheon.

He was shot from ambush with a high-powered rifle just as the President's motorcade was leaving downtown Dallas at the end of a triumphal tour through the city's streets. Charges were filed against Lee Harvey Oswald, 24, by the City of Dallas police department for the murder of the President and the wounding of Gov. John B. Connally of Texas who was riding in the car with the President. Mrs. Kennedy and Mrs. Johnson, also in the car, were unharmed.

Half an hour after he was shot John F. Kennedy was dead at Parkland Hospital and the United States had a new president, Lyndon B. Johnson. Johnson took his oath of office in a crowded compartment of the presidential jet Friday, with Jacqueline Kennedy, the grieving widow of President Kennedy at his left and his wife, Lady Bird, at his right.

U. S. District Judge Sarah T. Hughes of Dallas administered the oath as the plane's jet engines warmed up for the flight to Washington. The plane carried the new President, his wife, Mrs. Kennedy, others in the President'sourage and the body of President Kennedy back to Washington.

The body of John Fitzgerald Kennedy lay in repose Saturday in the rotunda of the Capitol Sunday as thousands of Americans and leaders from all over the world filed by to pay their tribute to the martyred President.

The body of the President was born from the White House to the Capitol Sunday past 300,000 solemn Americans lining the procession route.

Funeral services were held at noon Monday, followed by burial in Arlington National Cemetery on a hill overlooking the Potomac.

Oswald was shot and killed Sunday by a Dallas club owner, Jack Loen Rubinstein, who used the name of Jack Ruby, as millions of TV viewers saw Oswald slump to the floor as officers led him through the City Hall basement toward an armored car that was to have carried him to Dallas County Jail.

Oswald died at 1:07 in Parkland Hospital, the same hospital where President Kennedy died and where Connally is recovering.

The people of Hamlin took the news of the assassination of the President with shock and disbelief as did the rest of the world. Most of the city's business closed Monday from 11 a.m. until 1 p.m. in memory of John F. Kennedy. The schools, and the city, state and federal offices here were closed all day Monday in mourning as well as some other businesses.

The churches of the city held memorial services at different times over the week end with the doors of the churches being open at all times for those who wished to enter for prayers and solitude.

### MCCAULLEY EAGLES TO MEET FORT DAVIS FOR REGIONAL

The McCaulley Eagles moved up the ladder in Class B football last week as they defeated the Christoval Cougars, 77-51 in bi-district play at Christoval. They will be reaching for the top rung this week when they meet the Fort Davis Indians in Balmorhea at 2 p.m. Friday. This is the highest honor attainable for six-man football in post-season competition.

The starting line-up will include seniors, Larry Hicks, Thomas Kiser, backs; juniors, Dave Maberry, end; Eddie Smith, center; sophomores, Ronald Holcomb, end, and Ronnie Jeffrey, quarterback. Other team members include seniors, Leland Current, end; Kenneth Ferguson, end; juniors, Clayton Harris, center; Dwaine Wall, end; Donnie Myers, end; Richard Allred, end; sophomores, Bobby Self, back, Truman Holcomb, back, Marion Reed, back; Freshmen are Sperlin Harris and Calvin Maberry.

Joe Hopkins is coach and Bobby Brown is manager.

Rain during the past week measured .44. This amount fell in the late afternoon Thursday and in early morning hours Friday.

# NEINDA PHILOSOPHER HAS NEWSPAPER READING HABIT USEFUL IN MAINTAINING PEACE OF MIND

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 suggests a change in the newspaper reading habits of the nation but it won't work.

Dear editor:  
I have a system of reading newspapers which I'd like to recommend to Washington. It's the best system I know for maintaining peace of mind and a consistent foreign policy.

It's simple. Don't read a paper every day, it only mixes you up.

Under my system, I read a newspaper when one turns up, blown onto this Johnson grass farm by the wind, left by insurance salesmen, wrapped around vegetables and such things from my neighbors, thrown out of cars, etc.

You take a man who reads a newspaper every day though and what happens? On Monday he's bent on beating Russia to the moon. On Tuesday he reads Russia has abandoned the moon and by Tuesday afternoon he's decided maybe we ought to call it off too.

Then a week later Mr. Khrushchev announces Russia is back in the race, this ties him in a knot, and the whole space program has to be re-evaluated once more.

You can see what it leads to when you read everything Mr. Khrushchev says. My policy is to read only half of what he says and believe none.

Speaking of putting a man on the moon, a friend says he read my letter last week in

the Hamlin Herald proposing that we put one man on each of the billion planets out in space, and that he has figured it up and since there are only about three billion people on earth it'd take a third of the population to do it.

"Your idea is impractical," he said. "The idea, sending a third of the people out into

space!" It's a splendid idea. I've got several in mind I'd like to nominate for the trip now. For example, right around here there are... well, you will in the names, and if mine turns up, scratch it off, I'll be busy farming.

Yours faithfully,  
J. A.

THE HAMLIN HERALD

NOVEMBER 26, 1963

## Years Ago ...

### FIVE YEARS AGO:

Monday night's heaviest frost of the year really was the signal for the final push of harvesting the Hamlin section's cotton crop. A local cotton raiser said he believed that because of the late frost this year he would gin more than 100 bales of cotton rather than the 80 bales he had predicted.

Ginners estimated that about 35 to 40 per cent of the cotton had been harvested so far.

Eight men of the First Baptist Church were ordained as new deacons in special services Sunday morning at the church. They were Weldon Johnson, Lesley Shelburne, Ernest Jenkins, E. A. Hewitt, Willard Jones, Sigmund Stovall, Bill Shira and La Foy Patterson.

A native of Hamlin, Jesse Richard Bonds, age 43, was killed instantly when his car went out of control near Ros-

well, New Mexico Sunday.

### TEN YEARS AGO:

More than 300 parents of Hamlin students inspected the school facilities at Hamlin last week during American Education Week, school officials announced.

Billy Joe Wilson, who is in the Army and stationed at Okinawa in the Pacific, recently graduated from a leadership school at Ryukyus.

Due to recent rains and warm weather several fruit trees in the section have put out blooms and weeds are putting out.

Mrs. A. W. Knight, 34 year old Hamlin woman, was killed last Friday night when the pick-up in which she and her five children were riding overturned west of Stamford on Highway 92.

### FIFTEEN YEARS AGO:

Hamlin Memorial Hospital is in good financial condition, according to an auditor's report released this week. The institution has assets of \$89,048.97 and liabilities of \$27,993.11.

Rotan Yellowhammers captured the District 6-A football title by defeating the Hamlin Pied Pipers 26 to 0 Friday night.

### TWENTY FIVE YEARS AGO:

Pastors and churches of Hamlin are joining in a union Thanksgiving service Sunday evening at the high school auditorium.

Jones County is leading Central West Texas Counties in cotton production. Total of 32,152 bales had been ginned prior to Nov. 1.

### THIRTY YEARS AGO:

Jones County voters last week gave Herbert Hoover, candidate for president of the United States, a majority of votes.

## CONSTRUCTION...

### Evidence of growth in WTU communities

Where is all the construction coming from in our service area? Well, a survey shows that \$89 million worth has been completed recently in new and expanded factories, stores, motels, shopping centers, schools, churches, public buildings, street paving, and other such improvements. Add to this figure the amount invested in new residences and apartment houses, as well as State and Federal expenditures, and you have truly great evidence of growth in the 166 communities we serve. Such facts as these again explain why we say our service area faces GROWTH UNLIMITED.

West Texas Utilities Company

## Attitude... OF PRAYER

"Give ear to my words, O Lord, consider my meditation. Harken unto the voice of my cry, my King, and my God: for unto thee will I pray."

Psalms 5:1-2

God hears and answers prayers, but not everyone knows how to pray. Even the Lord's disciples asked that he teach them how to pray.

Attitude of the individual is important in prayer. Prayer is the opportunity that we have to tell God of our blessings and give thanks. It is an opportunity to petition for help, but above all, our hearts should be willing that God's will be done.

Prayer should be offered individually and in groups.

ATTEND CHURCH  
AND  
PRAY WITH OTHERS

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Before work could begin of the present granite Capitol in Austin, Texas the Legislature set aside three million acres of land, located in the Texas Panhandle, to finance it.

## FAIRVIEW NEWS

By MRS. ELMER JOINER

At last we can report that we have received a good rain, which was very beneficial to everyone, since all cotton is harvested, excepting for a few scattered patches. Wheat that has been sown will come up and these waiting to sow can now go ahead. On Monday night it rained one inch and six tenths, then again on Thursday night six tenths of an inch was received, making it look much better in general.

Last Wednesday night prayer meeting was held as usual, then afterward all went to the home of Mr. and Mrs. Mel Jones in Hamlin, where they were joined by a group of other friends, to give the Jones a house warming. Gifts were opened and refreshments served, all left expressing their best wishes to Mr. and Mrs. Jones in their new surroundings.

Rev. Kenneth Leverett, Mr. and Mrs. Winslow Gray, attended the workers conference in Hamlin Tuesday night. Melinda and Keenan Wright, have been staying home with a case of chicken-pox.

Mr. and Mrs. Woodrow Goodwin visited with the Elmer Joiners, Tuesday night.

Mrs. Lois Hampton, her daughter, Mrs. Ted Costa and two little daughters, were visiting in our vicinity last Thursday, among those were Mr. and Mrs. Johnnie Agnew and Mr. and Mrs. Elmer Joiner. Mrs. Hampton, lives in Abilene, and her daughter, Virginia, lives in New York City.

## CARD OF THANKS

We are truly grateful to the good friends who did so much for us during our recent sorrow. May we take this means of saying thank you for the many comforting expressions of your friendship and affection.

Mrs. Glen Henderson  
Mr. and Mrs. Billy Henderson  
Mr. and Mrs. Johnny Jeffrey  
Mr. and Mrs. Jack Galloway

When Buick builds a LeSabre... Buick builds a high-priced car, and puts a low price on it.

Lots of cars are in LeSabre's price class, but that's where the resemblance ends. For instance: Does anybody else in LeSabre's class treat you to that gentle Buick ride or impressive Buick performance and new gas economy? No. And who else gives you 15-inch wheels, finned aluminum front brakes, extra cushioning for middle-seat travelers, and separate heat ducts and controls for the rear seat? Right again. Nobody in LeSabre's field but LeSabre. If all this makes you think a LeSabre would look awfully nice in your garage, you should see how nicely it fits a budget. You know who to see about it, of course: your Buick dealer. Who else? Above all, it's a Buick

## DEBORAH FERGUSON, TOMMY BOEN EXCHANGE VOWS HERE

Deborah Ann Ferguson, daughter of Rev. and Mrs. John Vance Ferguson, became the bride of Tommy Wayne Boen, son of Rev. and Mrs. Fred H. Boen, in double ring ceremonies read Friday at 6 p.m. in Faith Methodist Church.

The father of the bridegroom read the vows. Mrs. J. W. McCrary was organist. Mrs. Royce Womack was soloist.

Judy Rowland, Hereford was maid of honor. Renee Ferguson, sister of the bride, was bridesmaid.

Candles were lighted by Bobbie Ferguson of Abilene cousin of the bride.

Freddy Boen was best man for his brother. David Boen was groomsmen. Jack Ferguson, brother of the bride, was usher.

Given in marriage by her father, pastor of Faith Methodist Church, the bride wore a street length dress of pearl de soie and Alencon lace which was designed by her mother. The dress, with slim bell skirt and low round neckline, featured a jacket scalloped re-embroidered lace accented with lustrous pearls. Her head piece was of Alencon lace entwined with pearls with double veil. She carried baby blue embossed taffeta were worn with matching headpieces with single long stem white rose.

The reception was held in the home of the bride. The houseparty included Penny Ford, Bobby Ferguson, Mrs. N. D. Cox, Mrs. Othell O'Kelly and Mrs. Freddy Boen.

The couple will be at home after Nov. 25 at 248 S. W. Ave. A.

The bride is a graduate of

Hereford High School and attended West Texas State University in Canyon last year. In high school she was a member of the girls choir and Future Homemakers of America. She is employed by Howard Drug Co.

Boen is a graduate of Hamlin High School where he was active in Future Farmers of America, football and track. He is employed by the Texas Highway Department with the Anson Resident Engineer's office.

The rehearsal dinner was held in the Fellowship Hall of the Hamlin Primitive Baptist Church with the bridegroom's parents as hosts.

## Jones County Y.W.A. Council Meets Here

The Jones County Y. W. A. Council met here Nov. 10 at the First Baptist Church with the girls of the local church as hostesses.

Thirty persons from Anson, Stamford and Hamlin were present for the presentation of the new associational officers.

Kay Lynn Edwards of Stamford was named president; Christy Wallace of Hamlin and Runne Pence of Anson, vice presidents; Marlyn Reynolds, secretary; Elizabeth Cunningham, treasurer.

Mary Lois Patterson was placed in charge of mission study and Connie Jo Duncan, stewardship.

Plans were discussed by those planning to attend the Y. W. A. Conference at Ridgecrest, N. C. next summer.

A tea hour followed in the Fellowship Hall.

## Service Class Meets with Mrs. A. F. Haught

The Service Class of First Baptist Church met with Mrs. A. F. Haught, teacher, Thursday.

Mrs. La Foy Patterson, a guest, gave the opening prayer by the Thanksgiving devotion by another guest, Mrs. Tom Routh.

Members present were Mrs. S. C. Ballew, Elma Brewer, D. J. Herbst, Kenneth Scott, D. A. Brown, Robert Johnson, Ella Scott, H. C. Carr, L. E. Hines, J. W. Hines, D. W. Stell and Orbie Fannin. Refreshments of pumpkin pie with whipped cream, coffee and cold drinks were served.

From the 25,000 acres of vegetable land which it owns, F. H. Vahlising, Inc. in Texas Lower Rio Grande Valley can load a carload of packed vegetables every 12 minutes.

Leo Hendrick Bakeland invented bakelite.

## Dorcas Class Meets with Teacher Thursday

The Dorcas Sunday School Class of the First Baptist Church met Thursday at 10:30 a.m. in the home of the teacher, Mrs. Claude Crowley, for the November class meeting followed by a Thanksgiving dinner.

Mrs. H. E. Brown, president, presided. Mrs. S. C. Ballew gave the opening prayer.

The devotional on Christian Living was presented by Mrs. W. E. Rogers. Mrs. Etta Stephenson gave the closing prayer. Visitors were Miss Alice Wells, Mrs. W. J. Madden and Mrs. Ballew.

Other members present were: Mmes. Allie Rector, J. E. Vaughan, Pearl Matthews, E. C. Davis, Mary Avants, R. L. Milstead, S. C. Ferguson, Albert Moore, A. C. Dixon, O. L. Jenkins, Tom Routh and W. H. Davis.

## 4-H Adult Leaders Training Meeting Held in Anson

A 4-H Adult Leaders' Training Meeting was held on Friday morning in the office of Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent with thirteen attending. Mrs. Newberry discussed the purpose of the unit work in foods clothing for 4-H club members, the leaders' responsibilities, the length of the unit work, and the goals for the 4-H members. Mrs. Kirby Clayton, a 4-H Adult leader, who is working with seven girls in her home, talked on "How to Conduct the Meetings."

Mrs. Newberry meets in the schools for the regular monthly meetings, but any 4-H adult who would like to organize classes of cooking and sewing in their homes for 4-H club girls, may contact Mrs. Newberry at her office in the courthouse, telephone Valley 4-1801 in Anson.

## Flame-Resistant Cottons Tested

Flame-resistant cotton fabrics are being tested extensively for a number of uses, reminds Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent.

This new treatment leaves the feel of the fabric almost unchanged and holds up well through laundering. Shrank fabrics also resist shrinking, mildew, rot and wrinkling.

The fire-resistant process was worked out by Agricultural Research Service scientists at the Southern utilization research laboratories, New Orleans, in cooperation with the Army Quartermaster Corps and the National Cotton Council. It is another of the special finishes being developed by the U. S. Department of Agriculture to improve cotton's position in the textile market, Mrs. Newberry adds.

Evaluations of the effectiveness of the new chemical finish are being made in two large hospitals in New Orleans, where treated bed sheets, pillow cases and surgical gowns are being used. Hospitals and hotels in other cities also are planning to evaluate the flame-resistant fabrics.

Treated fabrics being evaluated by the military services include uniforms for rocket fuel handlers, flight suits and combat uniforms, Mrs. Newberry adds.

Scientists participating in the research are convinced that there is a good potential market for flame-resistant cottons, especially as outer clothing to be worn by workmen, children and sportsmen, and as tarpaulins, boat covers and some industrial fabrics.

## HD Council Meets In Anson for Regular Session

The Jones County Home Demonstration Council met for their regular monthly meeting in the office of Mrs. B. V. Newberry, Jones County Home Demonstration Agent, Nov. 20. Ten Home Demonstration Clubs were represented with twenty-eight present. Mrs. Elmer Joiner, Council Chairman, presided. Mrs. H. H. Dunklin, Council Recreation Chairman, conducted the opening exercise. Club and Committee reports were given. The Bluebonnet and Pleasant Valley Home Demonstration Clubs reported three new members.

It was announced that the new 1964 yearbooks have been completed. The visiting 1964 Club Presidents and Council Delegates were introduced.

Committees were appointed for the Christmas luncheon which is to be Dec. 5 at the Anson Lions Club Hall. There will be a gift exchange and a Christmas program.

Mrs. Joiner announced the 1964 council committees. A

training meeting for officers and council committees was announced for Jan. 15 at 1:30 in the Home Demonstration Agent's office. 1964 Council Officers are: Mrs. Elmer Joiner, Chairman; Mrs. H. A. Haynes, Vice Chairman; Mrs. Cal McAninch, Secretary; and Mrs. Bob Barksdale, Treasurer.

A 4-H Adult Leaders' meeting was announced for Friday morning, Nov. 22 at 9:30 in the Home Demonstration Agent's office.

A record keeping and Income Tax Clinic was announced for Monday, Dec. 9, at 10 a.m. in Mrs. Newberry's office. Interested women and men are invited. Tom Hunter, Area Management Specialist, will conduct the meeting.

"Minute Men" was the name given to companies of militia organized at the time of the Revolution.

The first secretary of the U. S. Treasury, Alexander Hamilton, was the father of our financial system.

The iron lung was invented by Prof. Phillip Drinker of Harvard University.

## SUBSCRIPTION RENEWALS

Dear Herald Friends,  
Enclosed find my personal check for my Herald subscription and many thanks for the reminder. I've been a subscriber for so long. I don't want to miss an issue. Hamlin was my home from 1906 to 1954, naturally I have many wonderful friends still there and I will always want to keep in touch.

Thanks again.

## DPS WARNS OF DANGERS OF TRAVEL DURING HOLIDAY

Thanksgiving is a season of when we reflect and to the many good that have come out of the beginning of a new year. However, as we look at the situation, we see that many have suffered losses that in Texas should be ashamed of." Said Major Leo E. Gossett, Commander of the sprawling 49 county West Texas Region of the Department of Public Safety.

"Throughout Texas there is an approximate 10% increase in traffic deaths this far this year, or about 225 more people killed than during the same period last year," Gossett stated.

"During this Thanksgiving Holiday there will be an increase in travel due to a long school holiday weekend with many of our college students traveling to and from home for the first time since school began. There will be many motorists traveling our highways visiting friends and relatives, and of course there will probably be a large number of traffic mishaps and many drivers and passengers will not return after this long week end," Said Gossett.

"The Department of Public Safety will have patrolmen on duty throughout this week end in its endeavor to curtail and reduce as many of these traffic accidents as possible, however the individual motorist holds the responsibility in his own hands as to whether or not he will be involved in a traffic accident this week end. May we remind you in planning your trip to plan well in advance your course of travel, rest stops, time of departure, obey all of our traffic laws, add a dash of common sense and courtesy.

## POLIO VACCINE AVAILABLE AT HOSPITAL HERE

The Hamlin Hospital has announced that the third oral vaccine for those who have taken their Salk vaccine during make-up rather than the mass drive is due this month.

The vaccine now on hand is for type III and will be effective only through Saturday, Nov. 30.

Everyone who has taken the series through make-up at the hospital is urged to take the type III to complete the series. Type III offers immunization for the crippling form of the disease.

A number of persons took the make-up for types I and II and therefore there are many who must have the type III to complete the protection. The cost is \$2.00.

## Atomic Energy Symposium Set For Students

Outstanding high school students from the Abilene area will attend a symposium on atomic energy featuring some of the nation's leading scientists to be held December 4 on the McMurry College campus.

The all-day conference will be sponsored by West Texas Utilities Company and McMurry College.

It is the hope of WTU that this program will not only prove to be extremely informative to the high school students but will also be an inspiration to those students who may be considering science as a career.

The program has been arranged by the Texas Atomic Energy Research Foundation of which WTU is a member. The Foundation, which is composed of 10 investor-owned electric utility companies in Texas, is engaged in a program of nuclear fusion research with the General Atomic Division of General Dynamics Corporation seeking to harness the energy process of the hydrogen bomb for peaceful purposes, including the generation of electric power.

An outstanding nuclear scientist, Dr. William E. Drummond, will appear on the program. He is from General Atomic's John Jay Hopkins Laboratory in San Diego, California where the fusion research is being carried out.

Other speakers at the conference will include Dr. W. T. Guy, chairman of the department of math, University of Texas; Dr. B. H. Amstead, Associate Dean, College of Engineering, University of Texas; Dr. Harold P. Hanson, Chairman, Department of Physics, University of Texas; and Howard R. Drew, Executive Vice President, Texas Atomic Energy Research Foundation.

Honolulu, capital of the Hawaiian Islands, is located on the island of Oahu.

## STAMFORD TO ANSON—

### ONLY TEN DEEDS REMAIN TO BE SIGNED FOR HIGHWAY

Ten deeds remain to be signed for right of way for the new super highway on 277 between Stamford and Anson. Six of these pieces of property will have to be condemned, County Judge Leon Thurman said Monday.

M. E. Carothers of Anson has acted as right of way agent for the commissioners court and has made rapid progress in getting the necessary acreage for making the road two lane.

Two deeds have not been received from the highway department and two are yet to be signed by property owners but it believed they will accept the offer being made.

There are 53 deeds in all, covering the additional acreage needed to more than double the present right of way. Everything is expected to be in readiness for contract letting after the first of the year.

Property to be condemned belongs to the following persons: W. W. Young, 9.407 acres; Vernon Lovvorn, two tracts, 14.966 acres on the east side and 294 on the west side of the highway near the overpass; John Faulkner, .089 acre; Guy Steen, 12.44 and .047 acres; Floyd Gordon, .234 acre; and R. I. Foster, .097 acre.

Judge Thurman explained that a three-man jury of view will be named. This jury will set a valuation upon these respective pieces of property. Both the county and the landowner have the right to accept or reject the price set.

In the event of rejection, an appeal can be made to county court. The county may post the amount set by the jury of view and proceed with the work. Should the county court set a higher or lower price, then the county will either pay more or get a rebate.

One-half the cost of right of way is paid by the state with

## A&M Specialist Outlines Program For Better Yields

College Station— It is possible to double the per acre yield and double or triple the returns from cotton and at the same time, maintain a high level of organic matter in the soil, John Box, Extension agronomist at Texas A&M, told those attending the Cotton Production Conference this week.

He outlined a program beginning with increasing organic matter resulting from higher crop residues. This in turn would result in improved soil physical condition and better control of erosion. Balancing fertility by addition of fertilizer, based on soil tests would increase production, giving higher crop residues to complete the cycle.

Box emphasized, however that for such a program to work all of the steps necessary to good cotton production must be taken and at the right time. These include such things as insect and disease control, good seed and proper

cultivating and harvesting practices.

Box was a featured speaker at the Cotton Production Conference held on the Texas A&M campus this week.

Mrs. Gus Travis spent the weekend in Lovington, N. Mex. with her daughter and family, Mr. and Mrs. Fred Wheeler.

Nevada is the driest and least populated state in the U. S.

Nebraska is the only state in the Union with a unicameral or one-house legislature.

## ELECTRIC CO-OPS ARE

### BUILDING A BRIGHTER TOMORROW

Ask the family what The Midwest Electric Cooperative means to them.

Mom will vote for running water and an all electric kitchen.

Dad might say air conditioning and refrigeration.

Brother probably lists Television and his Radio.

Sister likely will choose her hair dryer and, as much as she hates to use it, the vacuum cleaner.

These, plus many other appliances and work savings devices were made possible by their own member-owned Midwest Electric Cooperative. The members of this cooperative will spend \$1,653,000 this year for such appliances. They borrowed money to build their own electric systems and they are proud that their efficient, low cost electric service is Building A Brighter Tomorrow.

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN — Our guests of honor did not arrive.

A "Texas Welcome Dinner" in Austin, honoring President and Mrs. Kennedy and Vice President and Mrs. Johnson, was cancelled.

President Kennedy was assassinated in Dallas during the noon hour Friday, just a few hours before he was to be the guest of 3,000 Democrats of Texas at one of the largest honor banquets ever held in the Lone Star State.

He died of bullet wounds received while in a motorcade enroute to a speaking engagement at the Dallas Mart.

Also shot by the sniper and seriously injured was Texas Governor, John Connally, who was riding with the President.

Vice President Lyndon B. Johnson, in keeping with customary security measures was in another car. He was unharmed.

It was a bright, sunny day, suddenly turned into darkness and gloom . . . not just in Dallas and Austin, but throughout the world. Unquestionably it was the blackest day in Texas history.

Thousands of persons, including Texas legislators, heard the news enroute to Austin. Many continued their journeys to the capital . . . a city paralyzed by the shocking events. Hundreds joined the legislators in memorial services in the House of Representatives.

It was a sad ending to an even sadder day.

**CONNALLY RECOVERING** — First encouraging news to reach the capital following the murderous attack on the president and governor was word that the operation on Connally was successful. However, he is expected to be hospitalized for at least 10

days.

**JOHNSON ASSUMES PRESIDENCY** — Within a few hours after President Kennedy's assassination, Lyndon B. Johnson was sworn in as President.

Swearing-in ceremonies were performed by Federal District Judge Sarah T. Hughes aboard the presidential plane just before the jet airliner bearing the deceased president's body left Love Field for Washington.

**GOLDWATER WAGON** — State Rep. Dick Morgan of Dallas, chairman of Texas' Draft Goldwater Committee, named Lewis J. Moorman Jr., San Antonio rancher-oilman as state finance chairman.

Moorman was state GOP finance chairman during the Nixon-for-President Campaign, and in U.S. Sen. John Tower's race in 1961.

GOP National Committee member Albert B. Fay of Houston appointed members of the party's Candidates Committee to recruit "a blue-ribbon slate of candidates" for Republican primaries in 1964. They will meet in Dallas on Dec. 12.

Recruiting Committee includes Fay, Mrs. Ike Kampmann Jr. of San Antonio, State Chairman Peter O'Donnell Jr. of Dallas, Mrs. G. N. McDaniel of Gorgier, Mrs. Tobin Armstrong of Armstrong, Wilton Fair of Tyler, W. J. Klattenhoff of Slaton, and J. C. Mann Jr. of Wichita Falls.

**HOSPITAL POLICIES AIDED** — A special committee to review hiring policies in State hospitals was named by the State Board for Hospitals and Special Schools. Action followed disclosures that a convicted kidnaper and former mental patients have worked as doctors at some state institutions.

Dr. Ralph R. White of Temple said he considered employment by the San Antonio State Hospital of a woman doctor who had served a prison sentence for kidnapping an "error in judgement."

Board Chairman Howard T. Tellepsen of Houston, reacting to newspaper criticism of hiring a former mental patient as a doctor at Wichita Falls State Hospital, pointed to progress made throughout the hospital system.

"Out of a total of 220 doctors, we have a wonderful, dedicated group of men," Tellepsen commented. "You will find a few sour apples even among personnel of private companies which pay the best salaries, and we don't have a high wage scale to private industry."

Tellepsen named Dr. White to the personnel study committee along with Dr. George A. Constant of Victoria and Ward

## POSTMASTER ASKS PUBLIC TO START PLANNING MAILINGS NOW

Thanksgiving Day can be an even happier holiday for family already planning for Christmas shopping and mailing.

This observation came today from Postmaster Perry Sparks, who predicted another mail volume for Hamlin

R. Burke of Diboll.

Another committee was named by the Board to select the site for a new school for the mentally retarded, to be located west of the one-hundredth meridian. Members of this committee are C. E. Bentley of Abilene, chairman; Jesse Osborn of Muleshoe; and Walter F. Woodul of Austin.

**ADVERTISE TEXAS** — Twenty-seven advertising agencies are interested in handling Texas' \$200,000 account to promote travel and tourist spending in the State.

The 27 firms told Texas Tourist Development Agency they want to compete for the privilege of ballyhooing the State's attractions to the world. They represent 20 percent of all agencies contacted.

At a Nov. 15 meeting TTDA will determine which firms will be asked to make formal presentation of advertising plans at their next meeting, set for Jan. 16-17.

**APPOINTMENTS** — Governor Connally appointed E. W. Boedeker of Levelland as District Attorney of the 121st Judicial District. He succeeds Morgan L. Copeland who will join the legal department of Gulf Oil Corp. in Midland on Dec. 1. District is composed of Hookley, Cockran, Yoakum and Terry counties.

Connally also designated Peter Michael Curry of San Antonio as judge of the new 146th District Court of Bexar County, effective Feb. 1. Court was created by the 58th Legislature.

Governor reappointed Judge W. St. John of Austin, John Peace of San Antonio and Abner McCall of Waco to the Texas Civil Judicial Council. Council was authorized by the Legislature to propose a plan for statewide judicial redistricting.

Earlier, Connally picked Sam Raburn Bell of Parris, Joseph A. Chandler of Stephenville, J. C. Looney of Edinburg, Charles Prothro of Wichita Falls and Dan C. Looney of Dallas to fill vacancies on the Texas Commission on Higher Education.

heavy this Christmas.

Sparks said he was receiving reports from the Post Office Department in Washington, D. C. that a record Christmas mail volume of nearly 12 billion pieces is expected nationally during December.

"Our post office will be catching it both ways - going out and coming in. I hope the residents of Hamlin will begin their Christmas shopping and mailing tomorrow if they have not already done so."

Sparks suggested that several hours planning during this Thanksgiving holiday can be of immense value in saving time and trouble later on Christmas mailing. Here are a few good tips:

1. Dig out last year's Christmas mailing list if you have one, or make up a list if you don't have one.

2. Check for any changes in address and make corrections wherever possible. For the new addresses of local family members and friends who have moved the telephone book is usually a good source.

3. Use ZIP Code to speed your mail on addresses wherever possible. If it is not feasible to obtain the addressee's Zip Code, at least include your own in the return address. This will have the two-fold effect of encouraging relatives and friends to use your Zip Code when they send cards to you and will encourage them to follow your example in including their Zip Code in their return address.

4. Settle on as many specific gift purchases now as you can, using the current ads from your press, radio and TV, and make a calculation of how much strong mailing material - tape, boxes, cord, etc. - you will need to obtain. Get these mailing materials while items are in good supply locally so there will be no last-minute trips necessary to several stores to find what you want.

"A few hours spent on Thanksgiving Day in planning Christmas mailings will provide plenty to be thankful for later on," the Postmaster observed. "Those who do so will have time to do other things or just take it easy."

"And," he added, "your Hamlin Post Office and 12 employees will be very thankful too."

## '64 Jet-smooth Luxury CHEVROLET

Chevrolet Impala 4-Door Sport Sedan

Now how are the high-priced cars going to explain this!

Here are looks, luxury and comfort that you'd expect to set you back plenty—if they came from anybody but the people at Chevrolet.

Fresh-minded styling with clean uncluttered lines that give the '64 Jet-smooth Chevrolet its feeling of new length and lowness. Rich new interiors with supple fabrics. Foam-cushioned front and rear seats and door-to-door carpeting—now standard in all models, including the

modestly priced Biscaynes. And, of course, the niceties of Body by Fisher craftsmanship.

You've got a wealth of power to pick from—engines from a peppery 140-hp 6 to a 425-hp V8\*. And you've got the '64 Jet-smooth ride to cushion you from road noise and vibration.

Been promising yourself luxury like this someday? Your someday is here, as your dealer will gladly show you. \*Optional at extra cost.

Ask about a SMILE-MILE Ride and the Chevrolet Song Book at your Chevrolet dealer's
